AIG Cyber Loss Control Services

for Large Organizations

Despite a company's best efforts to protect itself from a cyber attack through its own IT department, it may not be enough in today's rapidly changing cyber environment. With AIG's Cyber Resiliency Program, insureds with annual CyberEdge® policy premiums of \$5,000 or greater receive a wide range of tools and services valued at up to \$25,000 to help proactively prevent a cyber incident.

Employee Cybersecurity eLearning and Phishing Simulations

Timely and measurable managed training and compliance service for up to 10,000 employees, available in more than 30 languages and tailored to employee roles to reinforce clients' cybersecurity best practices. Learn more

Blacklist IP Blocking and Domain Protection

Enables companies to control their organization's exposure to criminal activity by leveraging vast threat intelligence repositories, precision geo-blocking, and blacklist automation to reduce risk.

Learn more

Infrastructure Vulnerability Scan

Up to 250 of a client's selected IP addresses examined by experts to identify vulnerabilities that are open to potential exploits by cyber criminals, with a follow up scan 90 days later. Learn more

Security Ratings

Clients can see how their internet security posture and network score from an "outside looking in" perspective, with easy-to-understand scoring systems. <u>Learn more</u>

Darknet Credential Exposure

Identify domain-level cyber risks from enterprise data that is exposed on the darknet, with reports customized to the client's specific domain. <u>Learn more</u>

Ransomware Risk Assessment

A tailored ransomware risk assessment based on the latest threat intelligence categorizes and scores key controls the client has in place that may help prevent a ransomware event. Learn more

Identity Risk Assessment

An identity risk assessment of the client's active directory infrastructure to help identify risk and exposures, with consultation by a technician to help interpret the findings and answer questions. Learn more

CyberMatics®

AlG's patented technology service helps clients verify their organization's cyber risk posture, prioritize implementation of risk-reducing controls, and make better investment decisions in their cybersecurity program – with the added benefit of more tailored policy terms and conditions.

Learn more

Tailored Incident Response Plan

A business incident response plan template tailored for large organizations to help ensure clients can respond appropriately, quickly, and efficiently to a cyber incident.

<u>Learn more</u>

Cybersecurity Information Portal

24/7 online access to current cybersecurity information, including best practices checklists, claims data, and a breach calculator. <u>Learn more</u>

CyberEdge Communications Platform

Powered by Cygnvs, the platform enables offnetwork collaboration to efficiently manage incident response and reporting of a cyber claim to AIG. Learn more

AIG Claims Process Orientation

A one-on-one review of critical response and reporting steps a client should take in the event of a cyber incident. <u>Learn more</u>

Cyber Claims Hotline

Once a call is made to the 24/7 hotline at 1-800-CYBR-345 (1-800-292-7345), the CyberEdge Claims Team coordinates with the client to implement their response plan, engage any necessary vendors to identify immediate threats, and start the restoration and recovery processes.

Additional Benefits, Tools and Services

In addition to the services included with eligible policies, all AIG Cyber clients have access to the following services at a preferred rate, some of which are available for a free demo. These services have been specifically selected based on our decades of experience and how well they can help strengthen the cybersecurity maturity of an organization.

AIG Cyber Risk Advisory Services

AIG's cyber risk advisors average over 20 years of experience in IT security and proactively help clients stay ahead of cyber risk. Our team works directly with clients to provide detailed, technical expertise, and advisory services via:

• **Incident Simulation Workshop** is designed to help clients ensure their incident response plan will respond efficiently and help better maximize their cyber insurance benefits.

Preferred Vendor Partner Services

We have partnered with experts in cybersecurity to bring clients additional options to add to their line of defense. Available services include:

BitSight Security Ratings, powered by BitSight Technologies, lets clients measure and monitor their own network and those of their third-party vendors. <u>Learn more</u>

Endpoint Detection and Response (EDR), powered by CrowdStrike's Falcon Insight, delivers continuous, comprehensive endpoint visibility and automatically detects and intelligently prioritizes malicious activity to ensure nothing is missed and potential breaches are stopped. Learn more

CyberArk DNA, powered by CyberArk, uncovers privileged accounts, credentials, and secrets on-premises and in the cloud. CyberArk DNA can help clients prioritize the highest risk accounts that require attention first. Learn more

Enterprise Protection, powered by SpyCloud, enables businesses to act on exposed workforce authentication data before criminals can use it to perpetrate cyberattacks. <u>Learn more</u>

Breach & Attack Simulation, powered by SafeBreach, enables clients to assess the efficacy of their security ecosystem by safely executing breach scenarios to determine where security is working as expected and where attacks can break through. <u>Learn more</u>

Unified Identity Protection Platform, powered by Silverfort, enforces adaptive MFA protection on users' access to any onprem and cloud resource and automated monitoring of service accounts. Learn more

AIG may modify (by adding, removing, or replacing a tool or service) or discontinue the Services at any time. AIG may partner with third party vendors to provide any or all Services. In some instances, AIG may have a referral fee structure in place, or an ownership interest, with certain third party vendors.

American International Group, Inc. (AIG) is a leading global insurance organization. AIG member companies provide insurance solutions that help businesses and individuals in approximately 70 countries and jurisdictions protect their assets and manage risks. For additional information, visit www.aig.com. AIG common stock is listed on the New York Stock Exchange. AIG is the marketing name for the worldwide operations of American International Group, Inc. All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries and jurisdictions, and coverage is subject to underwriting requirements and actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds.
